This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. JANUARY 4, 1841.

The Secretary of the Senate has the honor to submit a list of private claims which have been before the Senate since the commencement of the fourteenth Congress, with the proceedings of the Senate thereon; prepared in compliance with a resolution passed on the 9th of April, 1840.

ASBURY DICKINS.

By an order of the Senate, passed on the 27th of February, 1841, the list of private claims was directed to be completed to the close of the twenty-sixth Congress.

Blair & Rives, printers.

An alphabetical list of private claims which have been before the Senate from the commencement of the 14th Congress to the close of the 26th Congress, with the proceedings of the Senate thereon: showing the names of the claimants; the nature or object of each claim; at what session, and in what manner it was brought before the Senate; to what committee it was referred; the nature of the report, and (where special reports were made) the number of the report, if printed, and if not, the date of the report; the number of the bill, distinguishing between Senate and House bills; the manner in which the claim was disposed of by the Senate; and, in cases where it passed both Houses, the date of the act of Congress: the whole compiled from the Journals of the Senate, and by reference, when necessary, to the Journals of the House of Representatives, the reports of committees, the bills of the two Houses, and the laws of the United States. Prepared by order of the Senate.

LETTER

FROM

THE SECRETARY OF THE TREASURY,

IN RELATION

To the delay in completing the annual statement of the commerce and navigation.

MARCH 2, 1841.

ead, and ordered that the statement, when completed, be printed, and that 2,000 additional copies be furnished for the use of the Senate.

TREASURY DEPARTMENT, *March* 2, 1841.

SIR: I have the honor to transmit to the Senate the enclosed commu- cation received from the Register of the Treasury, in relation to the nual statement of commerce and navigation; and I beg leave to recom- end for favorable consideration his suggestion as to the disposition of this tement, when it is completed.

I am, very respectfully, your obedient servant,

LEVI WOODBURY,
Secretary of the Treasury.

Hon. R. M. JOHNSON,
Vice President of the United States and President of the Senate.

TREASURY DEPARTMENT,
Register's Office, March 1, 1841.

SIR: The late day at which some of the returns of imports and exports r the fourth quarter of the last statistical year were received at this office, as rendered it impossible to complete the commercial statements in season be reported to Congress before the adjournment. I would, therefore, spectfully suggest that application be made for permission that these tements, when finished, may be placed in the hands of the Secretary of e Senate, and the Clerk of the House of Representatives, to be printed ter the close of the session, as has occasionally be done heretofore.

I have the honor to be, sir, very respectfully, your obedient servant,

T. L. SMITH, *Register.*

Hon. LEVI WOODBURY,
Secretary of the Treasury.

Report from the Secretary of the Treasury, with the annual statement of the commerce and navigation of the United States, for the year ending September 30, 1840.

TREASURY DEPARTMENT, *June* 23, 1841.

SIR: In obedience to the act of the 10th of February, 1820, entitled "An act to provide for obtaining accurate statements of the foreign commerce of the United States," I have the honor to transmit a report from the Register of the Treasury, containing the several statements required respecting the commerce and navigation between the United States and foreign countries, in the year ending on the 30th September, 1840.

To these are added, as heretofore, certain statements respecting the tonnage of the United States for the year ending at the same time.

I am, very respectfully, your obedient servant,

T. EWING,
Secretary of the Treasury.

Hon. S. L. SOUTHARD,
President of the Senate U. S.

TREASURY DEPARTMENT,
Register's Office, June 22, 1841.

SIR: In conformity with the provisions of the act of Congress of the 10th of February, 1820, entitled "An act to provide for obtaining accurate statements of the foreign commerce of the United States," I have the honor to transmit the following statements of the commerce and navigation of the United States during the year ending on the 30th September, 1840, viz:
